### **Packaged Nursery Stock**

This catalog contains information and prices for our bare root stock. In addition, C. R. Burr & Company has pioneered in the packaged nursery stock field, developing the most attractive packages on the market. You can choose from a complete and balanced list of roses, shrubs, fruits and ornamentals in varying price groups. All plants are root-wrapped in moist imported peat moss for maximum keeping quality while in transit and on sale. We will be glad to send you the complete list and any information you wish in addition. Just call or write us at Manchester, Connecticut. If you so desire, we will have our representative in your area visit with you for a discussion of your nursery stock requirements.

PACKAGED NURSERY STOCK

**A BLOCK OF TAXUS CUSPIDATA AT OUR ROCKVILLE FARM.**

We wish to take this opportunity to thank our customers for the many unsolicited testimonials we have received about the stock we sent out this season.

We have been in the process of completely modernizing our warehousing, packaging and shipping facilities for the past three years. We were able to utilize the finished product this spring and the results were very gratifying. We invite a visit from each of our customers during the coming year. It would be especially interesting if you could arrange a visit during our spring shipping season as our complete facilities would be in operation at that time.

We, of C. R. Burr & Company, are very proud of the slogan "Growing Since '98" and are continuously striving to hold to our high standards of product and service that have gained your respect and patronage in the past.

Evergreen digging was considerably delayed this spring due to the amount of frost in the ground. However, the nursery business thrives on problems and this was just another situation that was satisfactorily overcome.

Our new rose introduction "Cherry Glow" was one of the highlights of the season this year. Many comments have been received from the test gardens that this is one of the finest roses they have in their gardens. We are pleased to introduce a new yellow hybrid tea rose for the Fall '59—Spring '60 Season, called **Gold Glow**. Among its fine qualities is the fact that it has over 100 petals and is non-fading. Our new address is 276 No. Main Street, Manchester, Conn. We hope that you will favor us with a visit this year so that we may show off our new home.

## TERMS AND CONDITIONS OF SALE

**C. R. Burr and Company is a member of the American Association of Nurserymen, the New England Nurserymen's Association, and the Connecticut Nurserymen's Association.**

**All of our stock is graded by standards of the American Association of Nurserymen. Revised 1959**

All prices in this catalog are wholesale, and apply only to wholesale quantities as listed. They are based on present market conditions and may be changed without notice. Terms are F.O.B. Manchester, Conn. or Fort Wayne Ind. except evergreens which are F.O.B. Manchester, Conn. only. Prices are less 2% within 10 days, net 30 days. C.O.D. orders are to be accompanied by 25% of the amount of the order. Cash, security or references are required from unknown parties. Correspondents are requested to use their business letterhead to identify them as being entitled to wholesale prices.

### Quantity Purchases . . .

We do not break bundles. To qualify for wholesale prices, all orders must be in 12 or multiples of 12 of a variety.

Purchases of 36 or more of one item entitle the purchaser to the 100 rate\*.

Purchases of 300 or more of one item are at the 1000 rate.\*

(\*This does not apply to roses and evergreens which have special discounts)

### Shipping . . .

We welcome our customer's instructions regarding shipping. In the absence of definite instructions we will use our own judgement, with the distinct understanding that our exercise of such judgement can not result in any liability by us.

A charge will be made for boxing and crating except when cash accompanies the order. Boxing and crating charges are made at cost.

Claims for shortages, unsatisfactory stock or for any cause whatsoever must be made in writing direct to C. R. Burr & Company, Inc., Manchester, Connecticut, **within ten days from the receipt of shipment.** Any shipment damaged by a transportation firm should be inspected by a representative of the carrier within 48 hours if damage is to be claimed.

### Warranty . . .

All stock is warranted to be true to name, and at our option we will either replace or refund the purchase price of any item which is proved not to be the variety listed herein. No further warranty expressed, implied or statutory is made.

PLEASE NOTE—We accept all orders subject to crop conditions, and on condition that orders may be cancelled should injury befall our stock from hail, frost, error in count or other cause beyond our control. All orders are accepted without liability for non-performance if labor shortages or delay in transportation should prevent us from making delivery as specified.

# Flowering Shrubs

You can be proud of shrubs you stock when they come from Burr's Connecticut Valley farms. These are hardy, northern-grown plants, cut back and transplanted to produce a vigorous feeder root system with a full, many-caned top. Careful culture based on sixty years of experience coupled with the best modern techniques assure you of the finest shrubs available. Many varieties have bloomed in our nursery rows. All are ready to give your customers an impressive showing during the blooming season after they are planted. We grade by the Horticultural Standards of the American Association of Nurserymen.

# Fruit Trees

Our choice, northern grown fruit trees result from modern scientific supervision combined with experienced field personnel who have practiced budding, grafting and fruit culture for years.

The inspectors of the Massachusetts Fruit Growers Association inspect our blocks of fruit trees at regular intervals to assure that they are true-to-name.

## Height and Caliper

The grade of our fruit trees, as specified by the Horticultural Standards of the American Association of Nurserymen, is governed by the caliper. The height is given to represent the average height for most varieties. Slow growing kinds may fall short of the height specified.

### APPLES

	10	100	1000
2 yr., 3-4 ft. $\frac{7}{16}$ -in. cal.....	7.00	65.00	600.00
2-yr., 4 ft. and up, $\frac{9}{16}$ -in. cal.....	8.50	80.00	750.00
2-yr., 4½ ft. and up, $\frac{11}{16}$ -in. cal.....	9.50	90.00	850.00

→ **Baldwin.** Large, bright red, crisp. Ships and keeps well.

→ **Cortland.** Red; fine flavor. A month later than McIntosh.

→ **Red Delicious.** Large, solid, red. Excellent flavor.

→ **Red Jonathan.** Rich red, juicy, firm. For cooking or eating raw. Late fall.

→ **Red McIntosh.** Solid red. A heavy yielder Fall.

→ **Red Rome Beauty.** Bright red. Superior quality.

→ **Red Stayman's Winesap.** Very large, red winter apple.

# Ornamental Trees

The great increase in new housing has resulted in a very widespread demand for ornamental trees. It is our belief that this demand will continue to be strong for several years, and we feel that the ornamentals in our blocks at Ellington will prove profitable for you. They are grown in richly fertilized soil, spaced in wide rows and pruned to produce a desirable form. Our ornamentals have clean, straight trunks and well branched heads.

## ACER dasycarpum. Silver Maple.

A large, wide-spreading tree. Bright green leaves, silvery white underneath, turning pale yellow in the fall. Fine shade tree to 80 feet tall.

	10	100
6 to 8 ft., $\frac{3}{4}$ " to 1"....	17.50	160.00
7 to 9 ft., 1" to $1\frac{1}{4}$ "....	22.50	210.00
8 to 10 ft. $1\frac{1}{4}$ to $1\frac{1}{2}$ in.	30.00	275.00

## A. platanoides. Norway Maple.

Round, compact head and spreading branches. An excellent street or lawn tree reaching a height of 40 to 50 feet.

	10	100
8 to 10 ft., $1\frac{1}{4}$ " to $1\frac{1}{2}$ "....	47.50	425.00
10 to 12 ft., $1\frac{1}{2}$ " to $1\frac{3}{4}$ "....	72.50	675.00
10 to 12 ft., $1\frac{3}{4}$ " to 2"....	87.50	825.00
12 to 14 ft., 2" to $2\frac{1}{2}$ "....	110.00	1025.00
12 to 14 ft., $2\frac{1}{2}$ " to 3"....	125.00	1150.00

## Acer platanoides Schwedleri. Schwedler Maple.

Leaves bright purplish and crimson in spring, becoming dark green and then red and brown. Grows 40 feet high.

6 to 8 ft., $\frac{3}{4}$ " to 1"....	32.50	300.00
7 to 9 ft., 1" to $1\frac{1}{4}$ "....	40.00	360.00
8 to 10 ft., $1\frac{1}{4}$ " to $1\frac{1}{2}$ "....	52.50	475.00
10 to 12 ft., $1\frac{1}{2}$ " to $1\frac{3}{4}$ "....	77.50	725.00
10 to 12 ft., $1\frac{3}{4}$ " to 2"....	92.50	875.00
12 to 14 ft., 2" to $2\frac{1}{2}$ "....	120.00	

## A. rubrum. Swamp red Maple.

Beautiful spring and fall colors. Habit of growth permits more light for lawn growth under tree than many shade trees.

7 to 9 ft., 1" to $1\frac{1}{4}$ "....	32.50	300.00
8 to 10 ft., $1\frac{1}{4}$ " to $1\frac{1}{2}$ "....	45.50	400.00

## A. saccharum. Sugar Maple.

Stately, upright, dense habit of growth. Leaves turn bright scarlet, orange and yellow in the fall. A fine street and lawn specimen 50 to 60 feet tall.

8 to 10 ft., $1\frac{1}{4}$ " to $1\frac{1}{2}$ "....	57.50	525.00
10 to 12 ft., $1\frac{1}{2}$ " to $1\frac{3}{4}$ "....	82.50	
10 to 12 ft., $1\frac{3}{4}$ " to 2"....	97.50	925.00
12 to 14 ft., 2" to $2\frac{1}{2}$ "....	135.00

# Evergreens

F.O.B. Manchester, Conn.

You may choose from acres of well-grown reasonably priced evergreens at our South Windsor and Ellington farms. They are grown in soil especially well adapted to produce the fine fibrous root systems so essential to digging with a good firm ball. The majority of our lots have been treated so that they can be certified for shipment out of the Japanese beetle quarantine area.

## JUNIPERUS chinensis Pfitzeriana.

Pfitzer Juniper. One of the most popular of the spreading types; hardy with handsome gray-green foliage.

	10	100
12 to 15 in.....	22.50	200.00
15 to 18 in.....	27.50	250.00
18 to 24 in.....	35.00	300.00
24 to 30 in.....	37.50	350.00

## J. communis Sabina. Savin Juniper.

A spreading variety with slender branches of loose form and dark green foliage. Good for foundation planting.

	10	100
12 to 15 in.....	15.00	135.00
15 to 18 in.....	22.50	200.00

2½ to 3 ft.....	19.00	175.00

## J. glauca hetzi. Hetz Blue Juniper.

A spreading type similar to pfitzer in habit but with a handsome blue gray color.

12 to 15 in.....	21.00	190.00
15 to 18 in.....	26.00	235.00
18 to 24 in.....	33.50	300.00

## NEW CORLISS EUONYMUS—PATENTED

Here is something new! . . . the broadleaf, evergreen beauty of Euonymus vegetus foliage especially developed into four shrub forms. These perfectly hardy plants make up into four forms, as listed, without support or special training. They will, however, respond to shearing if a slightly altered shape is desired. Here is more than a new variation of a familiar plant . . . these forms of Euonymus, because of their hardiness, will make the broadleafed evergreen shrub available for landscaping use where the climate prohibits such items as Azaleas, boxwood and holly.

### **Emerald Pride—Patent 1073**

Neat, compact evergreen shrub of ovoid form, with an ultimate height of four feet and spread of about three and one half feet. Distinctly upright growth from one stem without support.

### **Emerald Charm—Patent 1079**

Exceptionally compact specimen for upright narrow shape. Suitable for a pillar shrub, hedge, or pyramid. Ultimate height four to five feet, spread about 18 inches. Both this and Emerald Pride respond to shaping.

### **Emerald Cushion—Patent 1112**

As its name implies, Cushion is the shortest of the family, adaptable as a ground cover or facing-down shrub. Very slow-growing, reaching an ultimate height of 18 inches.

### **Emerald Leader—Patent 881**

Compact, ovoid-upright form. Good for specimen.

#### **PRICES: B&B**

	All four varieties,		
	1-24	25-249	250 and up
12 to 15 in.	\$2.10 each	\$2.00 each	\$1.90 each
15 to 18 in.	2.50	2.40	2.30
18 to 24 in.	3.10	3.00	2.90
24 to 30 in.	3.65	3.55	3.45

## ROSES

All roses are hardy, 2 year field grown, budded on Rosa Multiflora Japonica, the hardiest and least suckering of rose understocks. They are cultured and dusted by expert rose growers, then shipped and stored by methods known to keep them in perfect condition.

Roses are kept in refrigerated storage until time of shipment and are then dipped in a captan solution, wrapped in a polyethylene lined paper and packed in shipping cartons. The result is that your shipment is received in the finest possible condition, ready for potting.

All the popular new varieties, including the 1960 AARS Winners, are offered in our line. The highlight of our Rose Selections this year is the new BURR introduction GOLD GLOW, which is a beautiful yellow hybrid tea. It is extremely hardy, contains over 100 petals; has a deep green foliage and is a prolific bloomer. We are very proud to follow up our own 1959 introduction CHERRY GLOW with this fine rose.

The AARS Winners this year are Sarabande and Fire King, which are Floribunda roses, and Garden Party, which is a Hybrid Tea Rose. A good quantity of each of these roses is included in our line.
